NEWARK MAN RETURNS TO NAVY STATION

Frank is an expert trumpet player, and it did not take the manager of the Camp Ward Band long to find that out and request him to sign up. Frank states that so long as he has to be away from home, that he could not ask for a better life than he is living at Farragut.

MARINE BACK HOME

CENTERVILLE — Marine Cpl. JAMES EMERSON has arrived in the Bay section after being in the South Pacific for 19 months. He is temporarily at the Oakland Naval Hospital waiting orders.

That he is looking fine and feeling likewise is the news brought to friends here by his new sister-in-law, Mrs. George Emerson Jr., and his father, G. I. Emerson, who visited him Monday. Corporal Emerson was shipped out about six weeks after he enlisted nearly two years ago.

ANDREW T. LINDSAY of Los Angeles, formerly of Niles is studying at a sound technician's school with the U. S. Navy at San Diego, according to word sent friends here.

To the People of this Community:

ARE YOU REALLY AT WAR?

What does being at war mean to you? Less gasoline for your auto? Less sugar in your coffee? Higher prices for your food and clothes? Separation from your husband?

3rd WAR LOAN Buy More Bonds

Sure, it has meant all those things, some serious and some really trivial for a period when your actual safety is at stake.

But has the war meant BLOOD, SWEAT AND TEARS to you? In many instances YES. The first stage of invasion has already pushed our casualties over the 100,000 mark.

The gold stars which decorate thousands of our homes today are a challenge to the vast majority of us to do our best in the Third War Loan. No good American wants to see one more gold star added to the firmament of glory. We educate our youth for life, not for death. If they die, they die so that we might live. Every extra War Bond you buy today will back the invasion so that the war will be shortened and so that there will be less blood, sweat and tears for you and your friends.

GIFT SUBSCRIPTIONS FOR SERVICEMEN

The Postoffice Department encourages the sending of the home town newspaper to men serving overseas and therefore has lifted restrictions on new subscriptions until October 15. This means you are at liberty to make your serviceman a Christmas present of a year's subscription to his home town paper IF you subscribe before October 15, and you do not need his written request. The Township Register makes a special price of $1.50 on servicemen's subscriptions, whether serving at home or abroad, if paid for one year in advance. More than a hundred copies of this Great American Weakly are now following our armed forces all over the civilized (and uncivilized!) world.

BLOOD TO BE TAKEN AT NILES THIS FRIDAY

NEWARK — The Newark Blue Bird club at its last meeting decided to sponsor the Blood Donor program here and asks volunteers to sign up with its president, Miss Julia Rushin at the postoffice, or with any of its 10 members.

Employees at Westvaco may sign up with Sam Scott to donate a pint of their life fluid; at the Graham plant with Miss Lida Francis; at Leslie Salt with John Buchen and at Morton's with J. R. Trucott.

The following town chairmen are listed below as reminders to home folks who may wish to help in this vital undertaking:

Alvarado: Mrs. A B. Hill, Alviso School district: Mrs. Elsie Madruga; Centerville: Mrs. Jack Silva; Decoto: Mrs. Bernie Joseph; Irvington: Mrs. Carl Christensen; P G & E Substation: Harry Weber; Niles: Mrs. Marston Dassel or Ed Enos; Warm Springs: Mrs. Joe Brown; Mission San Jose: Mrs. Lois Justus.

The mobile unit comes to Washington Township regularly on the first Friday and second Wednesday of each month. These dates fall on October 1 and 13th this month. Donors are notified by postcard what hour of the day to report; they are given orange juce and coffee and are provided transportation after the extraction is made, and a blood test is made prior to the extraction, sometimes with results which surprise the volunteer. Some persons are found to have high or low blood pressure, making their donation unacceptable until the condition is corrected. Meantime, the would-be donor benefits by this gratis check-up accordng to Mrs. W. L. McWhirter of Centerville, Township chairman of this activity.

The ornate banquet hall at the Veterans Memorial building in Niles has been diverted from its peace-time purpose into a blood donor center where cots and other conveniences have been installed. Competent attendants are in charge on the days blood is taken to be made into plasma.

Along with buying an extra war bond to help the great Third Drive along how about donating another kind of "bond" with some unknown and unseen soldier at some fghting front: a pint of your blood? This service is the most vital of all the current patriotic undertakings for civilians.

List your name with your nearest chairman, today!

MEN ON FURLOUGH MUST SECURE RATION ORDER NO. 9

If your man on furlough wants to eat while he is visiting at your home he must be provided with General Ration Order No. 9 properly signed before he leaves his army post or navy station, to be presented to local rationing boards, which can no longer issue special ration certificates to members of the armed services.

If you can feed them on your own household ration points, that's o. k. with the ration board, the Army and the Navy, but don't apply to the local board for extra ration points for your man on furlough unless he has brought a signed Ration Order No. 9 with him, the Niles Ration Board advises this newspaper.

POST, AUXILIARY SEAT OFFICERS LAST WEDNESDAY

The installation of officers for Washington Township Post, American Legion and its Auxiliary, held last Wednesday night in the Memorial Building at Niles was a purely local event. Instead of having colorful installing teams come in from the outside, which was the peace-time custom, former officers of the organizations served instead.

The Auxiliary led off with Past President Mrs. Rose Veux installing the following: President, Mrs. Ellen Mohn, (reelected); first vice, Mrs. Stella Benbow; second vice, Mrs. Joe Corey; secretary-treasurer, Mrs. Theresa Swartz (reelected); chaplain, Mrs. Nell Myers; sergeant-at-arms, Mrs. Marian Zwissig. Mrs. George Smith served as marshall. Gifts were presented to Mesdames Mohn, Vieux and Swartz.

Past Commander E. Dixon Bristow installed the following for the Legion Post: Commander, Joe Corey; first vice, Walter Waynflete; second vice, Fred Rieder; adjutant (why ask?) Frank Veit for his 20th consecutive term; chaplain, Arthur W. Cotton; sergeant-at-arms, C. M. Lyons; historian, Frank Mendonca. Manuel Swartz served as marshall.

The Post and Auxiliary reported having collected the sum of even $30 in the recent Cigarettes for Soldiers drive. The Post approved installing an extension telephone into the Blood Donor room and the Adjutant was instructed to see the board of supervisors about paying this additional small bill in addition to the other operating expenses of the building which the county pays.

John T. Dutra as a member of the building committee offered to paint the tops of tables used by the Blood Donor service to save wear and tear and laundering of the Post's table cloths.

Coffee and doughnuts were enjoyed in the large dining room by the 40 service people present.

Forrest, maintenance superintendent of the Division of Highways Hayward office, in an announcement made here. Bridges are to be rebuilt and strengthened for heavier loads. Four flashily-dressed zoot suiters said to have been Mexicans made a cowardly attack late Monday night on Otis Howard, 17, Washington High School student of Niles as he was walking home. The four men beckoned to him from their car. As he approached they dragged him into the car, took him to a vacant lot, robbed him of his wallet containing $18, then beat him and slashed his face with a knife. He refused hospitalization.

Authorities are searching for his assailants.

INTER-FAITH COUNCIL FORMED IN TOWNSHIP

The Inter-Faith Council of Southern Alameda County churches of all denominations was organized at a meeting held Saturday afternoon in the Niles Congregational Church with Reverend D. Q. Grabill acting as host. The group was organized to provide religous teaching for school children who are released from school during school hours for this purpose, under a new law passed by the last legislature.

The object of the council is to supervise weekly Church schools and to recommend to school boards to deal with the council rather than with individual Churches or pastors.

These councils are being organized according to high school districts and the Township Council also includes Livermore and Murray Townships and will function as a Southern Alameda County Council to include all the Churches in this area. Their work will deal with children of elementary school age.

Attending the organization meeting were Father J. J. McLaughlin and Reverend Jackson Webster, both of Newark; Reverend Harris of the Hayward and Centerville Episcopal Churches; Father T. Hennessy, Reverend Fred C. Hahn and Mrs. Fred Duffie all of Niles, and Mr. and Mrs. H. H. Burgess of Centerville.

Pastors of other religious denominations in the Township are asked to join the Council so that the religious representation may be 100 percent.

At the monthly breakfast meeting of the Southern County Ministerial assocation to be held Tuesday morning, October 5 in the Baptist Church at Hayward the matter of employing a full time teacher will be taken up, Mr. Webster advises this newspaper.

DRIVER INJURED AS CAR CRASHES PARKED TRAIN

NEWARK — Robin L. Durbin, 46, was in the Highland Hospital Friday for treatment of injuries received when his car crashed head on into a Southern Pacific freight train parked across Thornton Avenue in Newark last Thursday night.

Horace W. Tutt, attendant on the train, of 1844 Seventh Street, San Francisco, said the train was taking on water when he saw Durbin traveling fast, crash into the side of a refrigerator car.

He was treated first at the Fairmont Hospital then was moved to Highland Hospital in Oakland where he was reported suffering from a severe left eye cut, a broken nose and other face and head lacerations.

RESTAURANTS MAY NOT BUY MEATS "ON FUTURES"

Restaurants and institutions which buy meats on 10 day credit expecting to have the necessary point stamps to cover their purchases are violating OPA regulations, the Niles Ration Board informs this newspaper.

Group buyers who do not have enough ration points on hand at the time of purchasing meats may not purchase meats against coming validity of ration stamps. If they do the local Board is obliged to report them to the Enforcement Division of the OPA.

FIVE-PUPIL SCHOOL WINS BOND FLAG

NEWARK — War bonds and stamps claimed first attention of the five students reporting to Washington Township's only one-room school in the Lincoln district last week. The enrollment will probably increase when the tomatoes are picked, says Mrs. Hattie Douglass teacher at the school for over 20 years.

The small student body has already won the Treasury Minute Man flag, indicating a 90 percent purchase of stamps and bonds, about $16 in stamps being the collection for the first day of the present term. Bonds amounting to

Township Raises 370,000 War $$

Township War Bond purchases in the Third Drive took a big spurt the first of this week, with an additional $124,000 worth reported sold to Township Chairmen on Monday and Tuesday, and up to Wednesday noon. The $250,000 total of Saturday evening jumped to $370,000 by Wednesday afternoon with all chairmen plugging hard to put it over the $400,000 mark by the end of this week, according to L. R. Burdick of Newark, Township Drive chairman.

This compares more than favorably with the totals of Oakland, Hayward and Pleasanton which communities up to the end of last week had secured less large percentages of their quotas than Washington Township, whose quota is $560,000. Drive chairmen point out that Township residents and business concerns only purchased $140,000 (purchase price) of bonds during the Second drive held last April.

Contributing to the Township's swelling total are the schools of the district, led by the high school where Vice Principal Jack Rees' efforts have inspired nearly every student to purchase from one to three bonds. The grammar schools of the Township are also making fine showings, with Irvington leading in the amount of cash subscribed.

The townchairmen and individual purchasers are doing a swell job, Chairman Burdick told this office Wednesday afternoon, to whom he extends his sincere thanks and appreciation.

NILES WARNING POST TO BE MANNED AS USUAL

Some 40 observers of the Niles Air Warning Post attended a reorganization meeting held last Thursday night in the Memorial Building at Niles to hear former Deputy District Attorney Edward Schnarr, now a U. S. Army Private assigned to ground observer duty, discuss the current Air Warning Service situation.

Area Supervisor Jack Vieux of Niles, who organized the service just two years ago and who has spent much time, money and gasoline keeping the four Township Posts going during difficult days, resigned his position and Kenneth Foster of Newark was appointed Supervisor effective October 1.

The Niles and Warm Springs Posts are to continue to function as usual although many inland posts may be discontinued, it is reported. A chief observer has not yet been appointed at Niles to succeed Mrs. Dorothy Neal, who has removed to Dunsmuir.

Tricks are still open, particularly on Saturdays and volunteer help, whether men or women, will be gladly received at the Niles Post.

Shop early in the day—early in the week

If you haven't tried shopping early in the day and early in the week, you'll be amazed at the way it makes food buying more pleasant. Better selection—stores not crowded—faster service!

Julia says— Here's how with fall vegetables

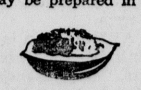
I FOUND, long ago, that fall vegetables can really be both good and different! Take parsnips and rutabagas, for instances. If your family hasn't been too keen about them before, they might like them this way. I know my family does, and they're inclined to turn up their noses at them served in any other way. Here are some suggestions for those two fall vegetables, and others too:

CANDIED PARSNIPS — Wash and scrape or peel parsnips, and cook whole or cut in halves lengthwise. Cook covered in small amount of salted water, about 30 minutes or until tender. Drain, sprinkle with brown sugar, salt and pepper and bake in moderate oven about 15 minutes, basting parsnips once or twice with hot water and meat drippings. Serve as you would sweet potatoes.

SPICED RUTABAGAS—(This goes for turnips, too.) Wash and slice rutabagas, and cook covered until tender in just enough hot, salted water to create a steam, about 15 minutes. Drain and mash and season with salt, pepper and a little ground cinnamon and cloves if you like.

CAULIFLOWER SALAD—Wash cauliflower, and separate into tiny flowerlets or chop coarsely. Add raisins, chopped apple, chopped nut meats and marinate in a tart light dressing. Serve on a bed of shredded spinach. This really tastes better than it sounds!

PUMPKIN CAKES—Cut pumpkin into pieces suitable for boiling, remove seeds and fiber, cut off rind, and cook covered in just enough boiling salted water to create a steam until pumpkin is tender, about 20 to 30 minutes. Drain, mash and season with salt and pepper. Add just enough evaporated or fresh milk to form a smooth mixture. Form into cakes or patties and brown quickly in hot drippings or shortening. Serve in place of potatoes or as any other vegetable. The winter varieties of squash may be prepared in the same manner.



STUFFED SQUASH—Use small individual squashes like Danish. Split squash, remove seeds and parboil in salted water until almost tender. Drain and fill cavities with chopped, cooked meat and tomato mixture. Bake in hot oven (400° F.) for about 30 minutes or until squash is thoroughly tender and meat mixture is heated through.

THE LICE CAST THEIR DICE

The nazis, knowing they cannot keep invaded Naples are not content to withdraw like civilized human beings. Instead they sack, pillage, burn, rape and kill everything and everybody in sight

When they first occupied Kiev two years ago they murdered 50,000 Soviet men in cold blood.

In Lidice they killed every man, woman and child and blasted the city to extinction.

Their day of retribution—and it cant be too far away—is going to be fearful—for them!

Remember: Hitler does not pattern his life on Jesus Christ, nor on Bismarck nor on that of any other decent person Instead his model is that savage of the dark ages, Genghis Khan, who plotted and executed the murder of his own mother.

"Sic semper tyrannis!"

* * *

The satellite nations are seeing the handwriting on the wall: say the Rumanians: none of our troops for you, Adolf, with which to face the Anglo-Americans! (Rumania was our ally in the last war.)

Even the Hungarians are starting to stand up to the nazi war beasts. Say they: none of our troops for you, Adolf with whom to face the onrushing Russian bear. (N. B. The trampling nazis at the time of the Polish debacle murdered the Austro-Hungarian premier, Kurt Schussnig in cold blood.)

Say the British to Franco in Spain: withdraw your blue legion from the Russian front or there can be no profitable relations between your country and ours.

Says Tojo in a recent broadcast to the Japanese people: "—the United States and Great Britain are persistently attempting to counter-attack us" (isn't that surprising, you brown monkies?) 'with the intention of overwhelming Imperial Japan—by overcoming every possible difficulty—" (That's the Angle-Saxon way, Tojo—that's why we are great nations)—"and the war situation is gaining in ferocity day by day"

Surprising, isn't it? Did you really expect we white people to take your crass encroachments lying down?

One day soon there will be no more Tokyo, possibly no more "imp of heaven"; but surely—no more Japanese war beasts, nor nazi, for the matter of that

Uncle Sam and John Bull are that way; and so are Truth and righteousness — regarding which you brown, "sons" know nothing. But you will learn!

— W W —

The United States government is taking steps to grant full independence to the Philippine Islands as soon as possible.

Remind them of it—sometime!

NO JAP PRISONERS

Commentators and news columnists now and then comment on the fewness of the Japanese prisoners we have taken in the South Pacific, attributing the situation to the fact that the Japs fight until they die.

The Japs no longer fight "for the glory of the emperor" until they die, as shown at Kiska. Rendova and several other places which they have evacuated when they knew they are going to be overwhelmed.

The real reason we take so few Jap prisoners is that our boys kill them on sight. Why? Because, during our first battle with the Japanese at Guadalcanal the Marines found their buddies, supposedly taken prisoner by the Japs.

Spitted against trees with bayonets through their bellies.

So word went around through our armed forces in the South Pacific that all Jap prisoners would be given similar treatment —no mercy and no decency shown to the brutes—If you doubt the truth of these statements, ask any Marine veteran of Guadalcanal or the Solomons battles.

Your scribe encountered the same circumstances in France during the last war: the Germans treated their prisoners of war so badly our men sooner "dispensed" with German prisoners of war than bother with them.

(The word "liquidate" had not then been applied to killing people).

— W W —

When prohibition began after the last war certain folks who loved their liquors stored up good things to drink and referred to it as "pre-war" stock.

With all the agitation going on in Washington about inducting or not inducting pre-Pearl Harbor fathers, children of these fathers may be referred to as "pre-war stock".

— W W —

Some radio wit has worked over the familiar "no hit, no run, no error" of the baseball broadcasts into "No Hitler, no ruin, no terror." And that's very good!

— W W —

SUBJUGATION THROUGH LIES

The method employed by the nazis of lying to their people until their people actually believe these infamous lies is clearly shown by some nazis prisoners brought to America. One asks for a chance to view the "ruins of Chicago", another asks in all earnestness how far the Germans have penetrated into the United States from the Atlantic Coast and the Japs from the Pacific Coast?

When told these prime nazis beliefs are monstrous lies the nazi prisoners' minds go blank Having been lied to most of their lives there is nothing in them to react when they first hear the truth. These are the kind of post-war people we will have to deal with.

Thank the Almighty for life in free America.—(of the Teddy Roosevelt variety!)

MANUEL ENOS, who is in the U. S. Army, is visiting his wife here at Decoto, following the completion of his basic training at Fort Riley, Kansas. On Saturday he will report at Monterey for further instructions.

JOE JANEIRO of Decoto who is in the U. S. Army is now somewhere overseas.

Mrs. Mildred Madeiros is now residing at Riverside, where her husband is stationed at Camp Haan. She is the former Mildred Milina.

Mr. and Mrs. Manuel Muniz spent Sunday at the home of relatives in San Jose.

Miss Lorraine Silva is now employed in the office of Montgomery Ward in Oakland.

Edward Enos, who is stationed in Glendale, Calif. has been home visiting his wife and small daughter.

Mr. and Mrs. Manuel Enos, Mrs. Helen Milina and children and Mr. and Mrs. Isadore Souza attended a wedding reception in Sunol on Saturday evening.

Mr. and Mrs. D. Galarsa and family are now engaged in the walnut harvest near Walnut Creek.

Mr. and Mrs. Ray Cadman are receiving congratulations upon the arrival of a baby son.

Newspaper Appreciation week—We have had an "Eat A Prune" week,—but we've never yet had a national "Kiss Your Mother-in-Law Week."

Judging from the number of new paid subscriptions which come in unsolicited—one every other day, and this has been going on for the past year—and the daily requests for publicity from groups and individuals your editor is fully convinced Register readers—particularly the boys on foreign service (where I once was) appreciate his feeble efforts.

So—wthout splashing any self-provided bouquets on any of these four precious pages, the nation may go on appreciating newspapers, whether big or small, and I'll just go on publishing another issue, quite as usual and hoping I have enough days left this week to do the commercial printing orders now on hand, particularly the Country Club yearbook, which is quite a particular job. Thankee says W. W.!

Your Government asks your
COOPERATION in the
CONSERVATION of
ELECTRICITY and GAS

Read these excerpts from a letter addressed to Utilities and Their Customers by J. A. Krug, Director, Office of War Utilities.

The War Production Board has proclaimed that maximum war production requires the greatest possible conservation of manpower, transportation, fuel, equipment, and critical materials such as copper, steel, tungsten, and many others—much greater than has been heretofore accomplished.

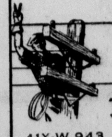
We cannot exert maximum force against our enemies if waste on the home front is tolerated.

In the electric utility industry, the installed generating capacity, together with capacity under construction, is ample to meet all foreseeable electric needs. But it is essential to save the use of electricity wherever possible so as to reduce, directly or indirectly, the demands for materials, fuel, transportation and manpower.

The desired result will be obtained through the full cooperation of millions of people in the conservation program. With everyone contributing, the effect will be tremendous in hastening the day of Victory.

By pledging ourselves to the following platform, this company, its 12,000 employees and its 1,700,000 customers can cooperate as partners in the Conservation Program:

1. We will **WASTE NOT** so that our fighting men will **WANT NOT.**
2. We will watch to prevent waste of gas and electricity as we watch a leaking faucet.
3. We will buy only those home appliances we need and take care of those we own.
4. We will put every possible dollar of savings into War Bonds and Stamps.



Gas and Electricity are Vital in War Production—do not waste them!

CHURCH BOARD SETS ANNUAL MEET FOR OCTOBER 14

By action of the board of trustees, meeting last Sunday night in the study of the Niles Congregational Church, the annual congregational supper and meeting will be held on Thursday night, October 14, Chairman Fred Duffie announces. An amendment to the bylaws will be presented at the meeting to advance the official date of the annual meeting from the fourth Thursday in October to the second Thursday, after the first of the month. This change will permit the treasurer time in which to close his books as of October 1 each year, and the earlier meeting date will serve to get the plans for the now Church year started sooner and the membership drive underway earlier following the first of October.

Treasurer Bain Leask presented an encouraging report and plans to have his books audited by local businessmen before the annual meeting.

The congregation will also be asked at the annual meeting whether they wish the Church worship hour to continue to be held in the evening instead of the morning, during the winter months, and whether the hour should be advanced from 8 o'clock until 7:30 o'clock.

A vacancy has occurred on the board through the recent passing of Trustee Thomas Gough and if Trustee Leask is to continue to serve another year as Church treasurer he sould be relieved from the trusteeship.

The present board consists of Duffie chairman, Paul Offel, secretary, Leask and Walter Waynflete. Two trustees are to be elected at the annual meeting as one of the incumbent trustee's term expires.

The board meets again this Sunday night at 7 o'clock to round out plans for the financial campaign for the coming year.

SEWING CIRCLE

The next regular meeting of the Friendly Sewing Circle will be held Monday afternoon, October 11 at the home of Mrs. Jennie Mohn, according to Mrs. Anna Bradford, president. At this time final plans will be made for the food sale, sale of fancy work, and card party which will be held Friday afternoon October 15 at Odd Fellows Hall, Niles. The public is cordially invited. The card game will start at one o'clock.

He will be accompanied by Mrs. Dwight Thornburg. Twenty seven Alameda County club presidents are to attend, and Mrs. E. H. Hirsch, local president, will preside.

The luncheon, to be served at 12:30 o'clock is being prepared by a committee headed by Mrs. William Trenouth, with Mrs. George Beardsley as co-chairman. Assisting them will be Mesdames W. D. Mette, Lee Williams, Walter Connolly, Henry Dusterberry, J. J. Alberg, Leon Solon, Roland Bendel, H. M. Kibby, C. E. Anderson, E B. Hodges Ed Richmond, Tom Robbins, William Clark, Gilbert Smith, Jack Boyd, Harley Grainger, Tom Elliott, Dora Fuller and Miss Margaret Fair.

The Centerville Elementary School Junior Traffic Patrol has been organized for the 1943-1944 school year with 18 officers. Lawrence Rose is captain. The patrol is directed by Principal Thomas P. Maloney, is sponsored by the Centerville Lions Club and is assisted by the Centerville Board of Trustees and the Centerville P. T. A.

SUPERVISOR LOSES GASOLINE COUPONS

Theft of clothing, bonds and gas coupons from the car of Supervisor George Hellwig while it was parked in San Francisco while Mrs. Hellwig attended an Eastern Star meeting was disclosed at the Washington Township Rationing Board here.

The car had been broken into and Mrs. Hellwig's purse, containing several bonds, small change, and an A and B gas book; a dress, coat and hat had been taken. The purse minus the endorsed gas coupons but still containing the bonds was mailed back to Mrs. Hellwig at Alvarado. The board reissued gas coupons with the customary penalty of five stamps.

Others who lost books and were penalized were George Haiduck of Niles, who lost his A book and sacrificed five stamps, and Perfecta Lemos of Alvarado, who lost an A and a B book.

The Sitka, first steamboat on San Francisco Bay, took six days and seven hours for its maiden voyage to Sacramento in 1847.

Mr. and Mrs. Joe Perry of Oakland visited his mother Mrs. Mary Duarte of Niles.
